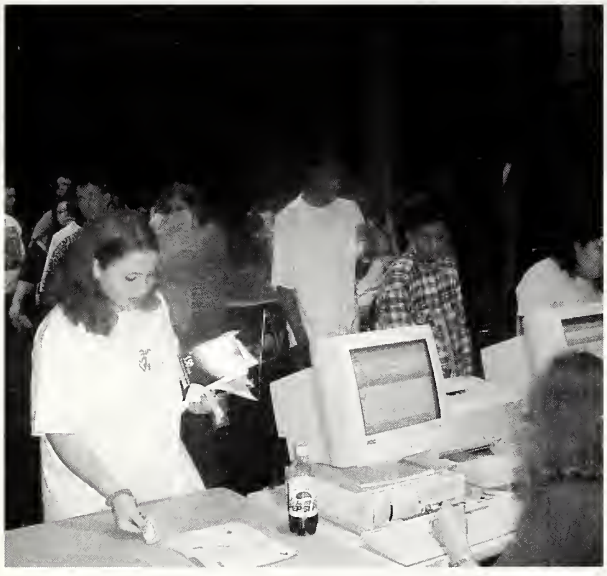
# Back At The West Doing Our Best

*Welcome Back to NHS*



As we heard the buzz of our alarm clocks, we were filled with mixed emotions. The day: August 23, our first day of the 2001-2002 school year. At 7:00 a.m., it began to look and feel like the first day of school. The halls filled up with students. We stopped to get our new class schedules and took the time to greet our friends. After some catching up, it was time to head for our new classes. For most of us, it was hard to say goodbye to the summer, but after a few weeks we will be back into the swing of things. Here's to another successful year of learning new things and enjoying new experiences.

# Congresswoman Julia Carson at the 'West

*Left: Senior Danny Rigdon, representing JROTC, had the honor to pose with Julia Carson.*

*Below: Mr. Broadus thanks Congresswoman Carson for her visit.*

# Julia Carson Visited Us

The students, parents, and administrators of Northwest High School really appreciate that the Honorable, Congresswoman Julia Carson was gracious enough to take time out of her busy schedule to visit on Tuesday, December 18, 2001. It was very enlightening to hear the Congresswoman talk about her important work as a U.S. Representative, and that her life had not always been so glamorous. She told us about her challenges growing up in a single parent home, and the she was determined to overcome.

She was interested in being elected to serve the people and neighborhoods of Indianapolis and help it to become a better place to live, work and raise a family. "I would love to bring all of the Northwest High School students who participated on December 18th, to Washington, D.C., to Congress, to showcase the excellent students that Northwest High School is producing" said Congresswoman Carson. Each student participant was presented with a personalized Certificate of Congressional Appreciation from the U.S. House of Representatives.

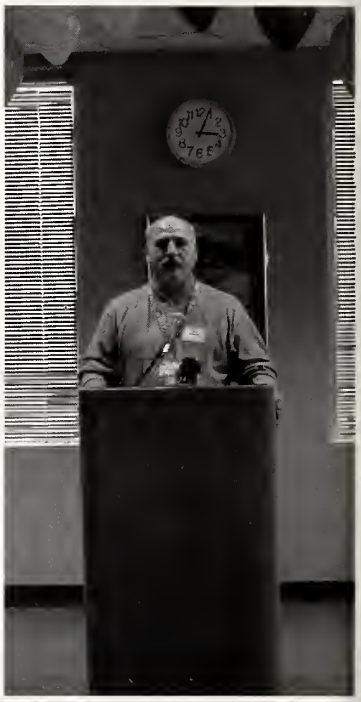
# *Bank One Academy*

The Bank One Academy is a program that provides students with useful tools to use at school, work and at home. During these sessions, students are put into small mentor groups to participate in various activities that relate to the business world and every day situations. Everyone involved came away with valuable experiences and new friends.



*Above:* Kickoff and Orientation was held on Wednesday, January 16, 2002, at the Bank One's West Operations Center. Everyone responsible for getting the program together took a few minutes to welcome all the participants to the Academy. After the introductions, the mentor groups got right to work. The first activity was to unwind a roll of tape. Sounds easy, doesn't it? Not if the roll of tape had to stay in one piece and touch everyone in the group. With quick thinking and determination, these students successfully completed the task. This activity helped the students to see the value of cooperation and teamwork.

# Bot-Ne-Con

-Mr. Burns

Who do you think plants the beautiful flowers around our lovely campus? Its none other than Mr. Burns' Botnecon class. The small group of students are not only responsible for planting the flowers as well as the up keep of them. Though the class is small they get a lot accomplished. The all female class is comprised of Juniors Pamela Allen, Shadae Dunson, Madonna Estep, Raquel Hudson, Donna Payton, and Shaute Powell and Senior Natasha Guzman. The ladies are all wholeheartedly dedicated to their work and honestly love plants .

It's a dirty job but someone has to do it. Pictured above Junior Shadae Dunson holds up the fruits of her labor ... a weed!

# 2002 Senior Class

Thursday afternoons were reserved for the discussion of ideas, ranging from class colors to commencement. All seniors were allowed to participate and many stated their opinions, especially when it came to fundraising and the election of class officers. The open forum of the senior class meetings offered the opportunity for input by all seniors when deciding important issues.

## ...2nd To None

"The Senior Class of 2002 is an interesting group! Most of them are hard workers who love to try new things. I love this senior class because they have come up with lots of different ways to assure a successful and memorable school year. This has been a great year!"

- Ms. M. McClain
Senior Class Sponsor

## 2002 SENIOR CLASS OFFICERS

" I wanted to be president because I thought I could be a good leader who was willing and able to accept the responsibilities that came along with the job. I feel this will help me to become more organized and responsible in the future. It will also help me to be a better person."

*Jerry Jones, President*

" I wanted to make our senior year better than the rest. I decided to pick this position because I wanted everyone to be able to speak on behalf of the senior class. Others before me did the job, but they didn't get everyone involved. This will help me in the future by giving me good leadership skills ."

*Pavielle Dance, Vice- President*

"I wanted to help our senior class. I thought that I would make a very good secretary. This task improved my organization skills."

*Abrion Davis, Secretary*

"I wanted to become an officer because I wanted to help out the senior class and be involved with our class money. This experience will help me be more responsible in money matters and in business affairs."

*Ashley Hughes, Treasurer*

"I wanted to become an officer because I knew that I could get the job done. I wanted to do something different. It has been wonderful taking on this position. I would like to thank everyone who voted for me to represent the Class of 2002."

*Breann Gee, Parlimentarian*

"This position will help me to enhance my creativity. I chose class historian because in ten years it will be very important. This will help me bring up organization skills and creativity skills in the future. "

Class Of 2002

# CLASS OF 2002

These last four years we have struggled to rise to the top
To be the best there ever was, '02 wasn't going to be stopped
We strived to be role models, responsible and mature
But of course a long the way we all had some detours.
Now finally the time has come for us to step back and smile,
Realizing all that we have accomplished together, developing our own profile
From our freshman year, just starting out
Even back then we were spunky, '02 we'd scream and shout
As underclassmen we were resticted to the things that we could do
But that didn't stop us because we were the class of 2002.
We finally grew older and upperclassmen we became,
But nothing actually changed for us for the class of '02 was our name!
We did homework in groups and late night studying together
And then we slept through classes that seemed to drag on forever.
And then finally we had our moment, our time had arrived
We were finally seniors.
We couldn't believe it, we had survived.
As a class we developed our own Senior style
Walking with our heads up, always going the extra mile
As mentors to the freshmen we helped them adjust
To the NHS lifestyle and gave them friends they could trust.
We were involved in everything, sports, clubs, and even choir
Our moments together were narrowing down, our time has almost expired.
Now the moment has come for us to go our separate ways
But in our hearts and in our minds the memories will forever stay.
From all of the laughter to the unforgettable tears
So many moments and memories came with each year.
Dressed in our silver and green, we stand with our heads held high.
Our tassels dangling from our caps we prepare to say good bye
The future holds our hopes and dreams and once again we are unstoppable-
And in our lives we can accomplish anything, Nothing is impossible.
These last four years have brought friendships, strong and true

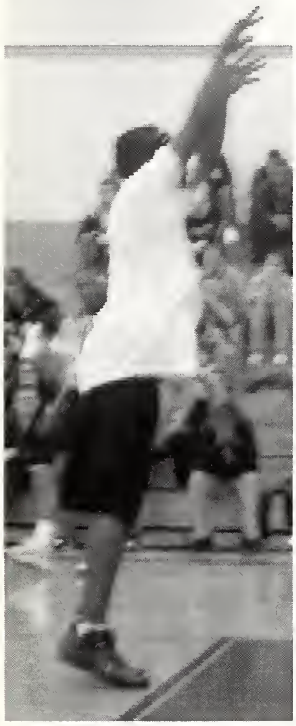
# Seniors vs. Faculty Game

On Friday, March 29, 2002, the annual senior/faculty game was held during 4th period. The crowd was hyped and ready for serious basketball action. The seniors were down by one point with 2:45 left on the clock when suddenly and *suspiciously*, the fire alarm was *accidentally* set off. It was an unfortunate mishap that just happened to work out in favor of the faculty. There is still some discussion about who set off that alarm!



*Above:* Jonathan Buford shoots a free throw for the seniors.

*The crowd is on the edge of their seats as the longstanding rivals (seniors versus faculty) intensify efforts to prevail.*

*Team work! Team work! The faculty ladies cheered on their team mates.*

*Left:* Austin Lewis was the first place winner of the slam jam. He stole the show with his outstanding backwards dunk.

*Left:* Rodney Carney slammed his way into second place with an amazing 360 windmill dunk.

*Left:* Dejuan Montgomery dunked into third with his back board touch slam jam dunk.

The class of 2002 turned their tassels and excitement filled the air on Monday, June 3. With the band playing pomp and circumstance and the crowd bustling with joy, seniors took their last walk into Northwest before graduating.

Each name called and each senior had their one moment of intensity as they recieved their diploma. Sitting impatiently on the football field, the class of 2002 rejoiced and screamed at the soundof their senior class president, Jerry Jones, saying, "Please take your right hand and place it on your tassle and move it to the left. We're outta' here!"

# Pioneer Football 2001-2002

With the 2001-2002 football season in full swing, our Northwest Pioneers prepared for a season of victory. Everyday after school, these boys showed their dedication during demanding practices. They hit the sleds and ran play after play. Our team was determined to make this a great season. This year was also special because of the 2nd annual PeyBack Classic, coordinated by Colts quarterback Peyton Manning. Northwest went head to head with the Manual Redskins. Our boys pulled off a beautiful victory and won 28-7. Thanks to all the people who made this possible. On to the next big game: Homecoming! The Mighty Pioneers vs. Anderson Highland. Great game guys. Another win for us 45-21. I know this season meant a lot to our school, the fans, the players and especially the seniors on the team. With a 5-6 record and advancing to the second round of sectionals it is a season to be proud of. Here's to the great football memories!

Richard Rodriguez

Coach Mr. Morales

This year started out to be a productive year for the NHS Soccer Team. Inspite of the political pressures between inner-city soccer and suburban soccer, the NHS Soccer Pioneers prevailed and clinched their third consecutive IPSAC championship. Next year will be a rebuilding year; twelve seniors will graduate in June and six players are expected to play intercollegiate soccer. Congratulations to Richard Rodriguez for making the All-City team for the second year in a row. Mario Reyes, Fernando Aguilar, and Jose Martinez were also recognized as honorable mention recipients.

# Standing Proud & Tall
# The Ladies Of Volleyball

The Lady Pioneers attended the FCA camp for a week and learned a lot of new techniques and valuable skills to use throughout this year. The girls expect to have an uplifting season next year. Good luck!

"This year was a building year for our Lady Pioneers . Ten out of twelve girls were new on varsity, and that alone was hard enough to overcome this season," says Coach Lannen. "These ladies played with determination , heart , and competitiveness . The Lady volleyballers really took it to the next level this year and showed me, as a coach that they could be a very competitive team."

Senior Jennifer Martin says, "I feel that this year's volley ball team was a lot more successful than last year's. Our team was better skilled as far as bumping, setting , and spiking the ball. As co-captain I tried to bring leadership, friendship, and dedication to the team. I hope when I come back next year they will be the same team when I left." Jennifer was awarded for the best team leadership.

Senior Latosha Rhodes was awarded for the most kills (spikes) in a game. The seniors were the voices of the team. They kept the frustration of the players to a minimum and surpassed a number of problems during the year.

# It Takes Persistence To Go The Distance

## Girls Cross Country

This year in girls cross country the team accomplished something that no team before them had ever accomplished. They won the I.P.S. conference for the first time in Northwest history.

Junior Kerri Smith finished second , Senior Leah White finished fourth, and Junior Danielle El finished sixth. The strength of our first three helped us beat Manual by three points.

# Northwest Pioneers learn the difficulties of playing the piano

# 2001- 2002 Piano Class

Adriana Jimenez

J.R. Chavezberrios

Sidra Beg

Ronald Radcliff

Of the many music classes offered at Nothwest High School, Pioneers have the opportunity to learn how to entertain themselves and others under the direction of Mrs. Loesje Chandler. In the privacy of several practice rooms, students learn piano basics, notes and chords on the keyboard. But, alas, comes the final exam at the end of the nine-week quarter. It's not your every day make-a-mistake-and-erase-it type of final. These brave students must perform in front of their peers and the staff. They must learn a famous piece of music to play at their piano recital. Bravo to these Pioneers with nerves of steel and memories of elephants!

*"Learning to play the piano has been an excellent experience for me."*

Gary Apollos

*"Playing the piano seemed hard at first but I got the hang of it. Now I like it."*

Corey Patrick

*"It takes a lot of hard work to be a good pianist. I have fun playing the piano."*

"This year's show was magnificent. I am very proud of all of my students. Their hard work and effort really shown through in the show. I want to thank all of the people that helped and I especially want to thank the performers. They have really impacted me."

# "Accents in Harmony Park"

Harmony Park is a mythical park where people can come to practice or just hang out. In starts back in 1911, with barbershop quartets. Then it swings to the 1930s where swing dancing was just hitting the scenes. It visits the 1950s with that high school love and mining the coals. Hippies and flower children were in the 1970 and back up to the good 'ole 1980s with pop just hitting the world. Then finally up to the milennium with R&B and hip hop.

# EMERALD MAGIC MARCHING BAND

## They Kept It Alive And Now They Have Five

*Mr. White's outstanding musicians stack up the trophies one more time for Northwest High School.*

"They kept it alive and now they have five!" was the phrase heard throughout the hallways after October the 10th. For the fifth consecutive year the Emerald Magic Marching Band, under the direction of Mr. Keith White, brought the Grand Championship trophy home with their heads held high. They also recieved an award for Best Music and Marching. With pioneer pride, they marched in the Veteran's Day parade leading the NHS JROTC brigade. They recieved a first place in marching in the parade.

Cold marching practices and entertaining the crowds at our sports games prepare them for any occasion. Congratulations to the Emerald Magic Marching Band and all of their accomplishments throughout our school year.

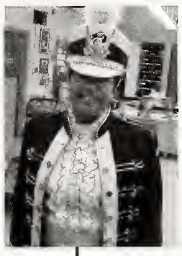
Many of the Emerald Magic Marching Band members have pride in all of their victories. Brian Franklin poses in front of the band's trophy case.

With the guidance of Mr. White the band learns how to count beats and of course the most important, how to play the right notes.

## What do you feel is the biggest thing that holds the Emerald Magic Marching Band together?

"I honestly think that a lot of dedication is in the hearts of the band. We just do our best and try to keep each other together. We are all friends and almost like a family."

**Monica Ohieku**



"The reason why the band holds it together is their dedication. We are all like one big happy family. We stick up for one another."

**Mayan Touch**

"Mr. White is a big impact on the band. I think he holds us together mostly. Plus our dedication and our love of playing keepsus going."

**Lawrence Tyler**

"I think the main thing that holds the band together is Mr. White. If it wasn't for him then the band wouldn't have gone as far as we have. And besides if he wasn't here I think a lot of us would quit!"

**Stephen Charboneau**

"The main thing that holds the band together is each other. I mean we always try to be there for each other. We're like a big family with a few problems here and there."

# Did I Mention Attention?

## *JROTC = determination + dignity*

*Cadets marching in the Veteran's Day Parade under the instruction of Major Goldshine.*

Graduating good citizens and responsible adults is the end result of JROTC training at the 'West. Not only are JROTC Cadets learning the art of self-motivation, they are also learning to master both physical and emotional challenges in everyday life. Setting and realizing weekly goals, cadets are prepared for the week-long endurance training at Camp Atterbury, Indiana. It's not just marching and sit-ups. Cadets repel and crawl and climb and jump in a real military training camp. They sleep in military barracks, eat military food, and overcome mental and emotional challenges in the Leadership Reaction Course. By the end of the week, cadets are exhausted and confident. They build courage, self-esteem, and physical and emotional strength.

Patricia Hopkins and Abigail Contreras get ready to fire in a drill practice.

Tanesha Humphrey takes on the Knightstown obstacle course.

"I think that JROTC teaches cadets the meaning of hard work. It has taught me respect and diginity."

Lt.Colonel Michael Humphrey

"Being the Battalion Commander during the year was great. It was a lot of hard work obtaining the rank Cadet Lieutenant Colonel."

Lt. Colonel James Paul

"JROTC helps develop skills that you would only develop in real life situations. "

-Cadet Jessica MacElwain

"JROTC has taught me to motivate myself to try harder. It gives me the confidence that I sometimes need to keep striving to do my best."

*JROTC cadets left their military stance for a night to remember with dancing, laughing, and having a great time.*

The JROTC Military Ball was held March 8th at the Primo North, located at Fort Benjamin Harrison. About 220 cadets from the five IPS high schools attended. The ball began with a candlelight dinner and the crowning of Military Ball Queen. Soon after, the dance floor was flooded with the excitement and intensity of cadets getting "jiggy" with it. The night ended with a slow romantic dance that made lasting memories for a lot of people.

*Major Lilibeth Goldshine and Command Sergeant Major Sam McKoy*

"It was a lot of fun, and I hope all of our cadets enjoyed themselves -- I surely did."

*- Major Goldshine*

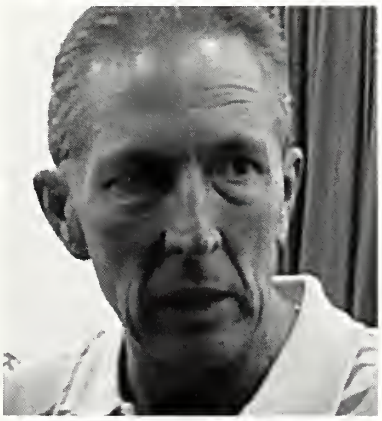
# JACK AND THE BEANSTALK

After hours of rehearsal under the Hollywood-caliber direction of Mr. Birk, the Pioneer players produced their rendition of *Jack and the Beanstalk*. Every Tuesday and Wednesday, the cast met on stage from 2:45 to 5:30 for another grueling rehearsal. Outstanding and outrageous costumes complimented the age-old script performed for the students at Schools 79 and 107. First, second, and third graders were overjoyed to see one of their favorite stories come to life.

## WHAT DID YOU THINK OF THIS YEAR'S SPRING PLAY?



**MR. BIRK**

## IU's Road to the Final Four Story

The Hoosiers had an impressive season and an amazing tournament this year. With stars like Jared Jeffries, Dane Fife, and Tom Coverdale on the court, this team not only managed to win a share of the Big Ten conference title but also went through four teams to get to the National Championship. Although Maryland defeated them in the end, they proved to everybody that they were a force to be reckon with. Congratulations to the Indiana Hoosiers on their outstanding year.

On Monday, April 9, 2002, Jared Jeffries made it official. He's jumping to the NBA.Jeffries, a sophomore forward who led Indiana University to the Final Four, said he plans to sign with an agent and enter the June 26 NBA Draft Pic Jared Jeffries (center) was joined by his mother, Cecilia (left), and grandmother, Lorita Carter, at Monday's news conference.
